1. Vision and values

At Townsend, our vision of 'Achievement For All, Respect For All' is underpinned by the concept of 'Love your neighbour' from the story of the Good Samaritan, Luke 10:25-37. We value everyone, and show love and respect for ourselves and others, setting high standards and supporting each other so that we can all flourish. The concept of 'love your neighbour' is taught in three strands:

1. Love your neighbour – treat others as you would wish to be treated yourself
2. Love yourself – self-care is important, look after yourself physically, mentally and spiritually
3. Love the journey – whether academic or personal, Townsend supports everyone's journeys to enable you to flourish individually and collectively

At our school we will provide all students with access to a broad and balanced curriculum.

We are committed to making sure all our students have the chance to thrive and supporting them to meet their full potential.

We are focused on creating an inclusive environment, where provision is tailored to the needs and abilities of students, no matter how varied. All students are entitled to be valued equally, and we aim to foster their development as independent learners and responsible citizens, in partnership with families and the wider community.

2. Aims and objectives

Our special educational needs and disabilities (SEND) policy aims to:

- Make sure our school fully implements national legislation and guidance regarding students with SEND
- Set out how our school will:
 - Support and make provision for students with special educational needs and disabilities through a positive culture, good management and appropriate deployment of resources
 - Provide students with SEND access to all aspects of school life, as far as is possible with reasonable adjustment, so they can engage in, and enjoy the activities of the school alongside students who do not have SEND
 - Identify a student's SEND needs as early as possible to put in place appropriate interventions and resources
 - Help students with SEND fulfil their aspirations and achieve their best
 - Help students with SEND become confident individuals living fulfilling lives
 - Ensure that SEND students are always kept safe within the school environment, and can integrate as fully as possible and have equal opportunity in school
- Help students with SEND make a successful transition into adulthood by helping them to achieve the best educational outcomes and preparing them effectively for their next steps
- Communicate with students with SEND and their parents or carers and involve them in discussions and decisions about support and provision for the student, considering their view, wishes and feelings
- Explain the roles and responsibilities of everyone involved in providing for students with SEND
- Communicate with, and involve, students with SEND and their parents or carers in discussions and decisions about support and provision for the student
- Make sure the SEND policy is understood and implemented consistently by all staff

3. Legislation and guidance

This is based on the statutory guidance [Special Educational Needs and Disability \(SEND\) Code of Practice](#), [Keeping Children Safe in Education](#) and [working together to improve school attendance](#).

This policy is also based on the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for students with SEND
- [The Special Educational Needs and Disability Regulations 2014](#), which set out local authorities' and schools' responsibilities for education, health and care (EHC) plans, SEN Co-ordinators (SENDCOs) and the special educational needs (SEN) information report
- The [Equality Act 2010](#) (section 20), which sets out the school's duties to make reasonable adjustments for students with disabilities
- The [Public Sector Equality Duty](#) (section 149 of the Equality Act 2010), which set out the school's responsibilities to eliminate discrimination, harassment and victimisation; and advance equality of opportunity and foster good relations between people who share a protected characteristic (which includes having a disability) and those who don't share it
- The governance guide for [maintained schools](#) and governors' responsibilities for students with SEND
- The [School Admissions Code](#), which sets out the school's obligation to admit all students whose education, health and care (EHC) plan names the school, and its duty not to disadvantage unfairly children with a disability or with special educational needs

4. Inclusion and equal opportunities

At our school we strive to create an inclusive teaching environment that offers all students, no matter their needs and abilities, a broad, balanced and challenging curriculum. We are committed to offering all students the chance to thrive and fulfil their aspirations.

We will achieve this by making reasonable adjustments to teaching, the curriculum and the school environment to make sure that students with SEND are included in all aspects of school life as far as appropriate.

5. Definitions

5.1 Special educational needs

A student has SEN if they have a learning difficulty or disability that requires special educational provision to be made for them, which is ***in addition to Ordinarily Available Provision***.

They have a **learning difficulty or disability** if they have:

- A **significantly** greater difficulty in learning than most others of the same age, or
- A disability which **prevents or hinders** them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

Ordinarily Available Provision is a concept coined by HFL Education, which includes all aspects of high-quality teaching in the classroom. Further details can be found in the [HFL Education Ordinarily Available Provision guidance](#). At Townsend, this translates into adaptive teaching, with teaching staff responding to the needs of the students in each lesson, with reasonable adjustment.

5.2 Disability

Students are considered to have a **disability** if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to do normal daily activities.

The school will make reasonable adjustments for students with disabilities, so that they are not at a substantial disadvantage compared with their peers.

5.3 The 4 areas of need

The needs of students with SEND are grouped into 4 broad areas. Students can have needs that cut across more than 1 area, and their needs may change over time.

Reasonable adjustments and/or interventions will be selected that are appropriate for the student's particular area(s) of need, at the relevant time.

AREA OF NEED	
Communication and interaction	Students with needs in this area have difficulty communicating with others. They may have difficulty understanding what is being said to them, have trouble expressing themselves, or do not understand or use the social rules of communication. Students who are on the autism spectrum often have needs that fall in this category.
Cognition and learning	Students with learning difficulties usually learn at a slower pace than their peers. A wide range of needs are grouped in this area, including: • Specific learning difficulties, which impact 1 or more specific aspects of learning, such as: dyslexia, dyscalculia and dyspraxia • Moderate learning difficulties • Severe learning difficulties • Profound and multiple learning difficulties, which is where students are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment
Social, emotional and mental health	These needs may reflect a wide range of underlying difficulties or disorders. Students may have: • Mental health difficulties such as anxiety, depression or an eating disorder • Attention deficit disorder, attention deficit hyperactive disorder or attachment disorder • Suffered adverse childhood experiences These needs can manifest in many ways, for example as challenging, disruptive or disturbing behaviour, or by the student becoming withdrawn or isolated.
Sensory and/or physical	Students with these needs have a disability that hinders them from accessing the educational facilities generally provided. Students may have: • A sensory impairment such as vision impairment, hearing impairment or multi-sensory impairment • A physical impairment These students may need ongoing additional support and equipment to access all the opportunities available to their peers.

6. Roles and responsibilities

6.1 The SENDCO

The SENDCO at our school is Mrs Hazel Line.

They will:

- Inform any parents that their child may have SEN and then liaise with them about the student's needs and any provision made
- Work with the Headteacher and SEN governor to determine the strategic development of the SEND policy and provision in the school
- Have day-to-day responsibility for the operation of this SEND policy and the co-ordination of specific provision made to support individual students with SEN, including those who have EHC plans
- Provide professional guidance to colleagues and liaise and work with staff, parents, and other agencies to make sure that students with SEN receive appropriate support and high-quality teaching
- Advise on the graduated approach to providing SEN support and adapt teaching methods appropriate for individual students
- Advise on the deployment of the school's delegated budget and other resources to meet students' needs effectively
- Be a point of contact for external agencies, especially the local authority (LA) and its support services, and work with external agencies to make sure that appropriate provision is provided
- Liaise with potential next providers of education to make sure that the student and their parents/carers are informed about options and that a smooth transition is planned
- When a student moves to a different school or institution: Make sure that all relevant information about a student's SEN and the provision for them are sent to the appropriate authority, school or institution in a timely manner and liaise with SENDCO's and other professionals to help provide a smooth transition
- Work with the Headteacher and school governors to make sure the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- Make sure the school keeps its records of all students with SEND up to date and accurate
- With the Headteacher, monitor to identify any staff who have specific training needs regarding SEN, and incorporate this into the school's plan for continuous professional development
- With the Headteacher, regularly review and evaluate the breadth and impact of the SEND support the school offers or can access, and co-operate with the LA in reviewing the provision that is available locally and in developing the local offer
- Prepare and review information for inclusion in the school's SEN information report and any updates to this policy
- With the Headteacher and teaching staff, identify any patterns in the school's identification of SEN, both within the school and in comparison, with national data, and use these to reflect on and reinforce the quality of teaching

6.2 The governing board

The governing board is responsible for making sure the following duties are carried out, though the duties can be delegated to a committee or an individual:

- Co-operate with the LA in reviewing the provision that is available locally and developing the local offer

- Do all it can to make sure that every student with SEND gets the support they need
- Ensure that students with SEND engage in the activities of the school alongside students who don't have SEND
- Inform parents/carers when the school is making special educational provision for their child
- Ensure that the school has arrangements in place to support any students with medical conditions
- Provide access to a broad and balanced curriculum
- Have a clear approach to identifying and responding to SEND
- Provide an annual report for parents/carers on their child's progress
- Record accurately and keep up to date the provision made for students with SEND
- Publish information on the school website about how the school is implementing its SEND policy, in an SEN information report
- Publish information about the arrangements for the admission of disabled children, the steps taken to prevent disabled children being treated less favourably than others, the facilities provided to assist access of disabled children, and the school's accessibility plans
- Ensure that there is a qualified teacher designated as SENDCO for the school and that the key responsibilities of the role are set out, and monitor the effectiveness of how these are carried out
- Determine their approach to using their resources to support the progress of students with SEND
- Ensure that all students from year 8 until year 13 are provided with independent careers advice

6.3 The SEND link governor

The SEND link governor is Hero Slinn. The SEND governor will:

- Help to raise awareness of SEND issues at governing board meetings
- Monitor the quality and effectiveness of SEND provision within the school and update the governing board on this
- Work with the Headteacher and SENDCO to determine the strategic development of the SEND policy and provision in the school

6.4 The Headteacher

The Headteacher will:

- Work with the SENDCO and SEND link governor to determine the strategic development of the SEND policy and provision within the school
- Work with the SENDCO and school governors to make sure the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- Have overall responsibility for, and awareness of, the provision for students with SEND, and their progress
- Have responsibility for monitoring the school's notional SEND budget and any additional funding allocated by the LA to support individual students
- Ensure the SENDCO has enough time to carry out their duties
- Have an overview of the needs of the current cohort of students on the SEND register
- Advise the LA when a student needs an EHC needs assessment, or when an EHC plan needs an early review
- With the SENDCO, monitor to identify any staff who have specific training needs regarding SEN, and incorporate this into the school's plan for continuous professional development

- With the SENDCO, regularly review and evaluate the breadth and impact of the SEND support the school offers or can access, and co-operate with the LA in reviewing the provision that is available locally and in developing the local offer
- With the SENDCO and teaching staff, identify any patterns in the school's identification of SEN, both within the school and in comparison, with national data, and use these to reflect on and reinforce the quality of teaching

6.5 Class teachers

Each class teacher is responsible for:

- Planning and providing high-quality teaching that is adapted to meet student needs through a graduated approach
- The progress and development of every student in their class
- Working closely with any Learning Support Assistants to plan and assess the impact of support and interventions, and consider how they can be linked to classroom teaching
- Working with the SENDCO to review each student's progress and development, and decide on any changes to provision
- Ensuring they follow this SEND policy and the SEND information report
- Communicating with parents/carers regularly to:
 - Set clear outcomes and review progress towards them
 - Discuss the activities and support that will help achieve the set outcomes
- Identify the responsibilities of the parent, the student and the school
- Listen to the parents'/carers' concerns and agree their aspirations for the student

6.6 Parents or carers

Parents or carers should inform the school if they have any concerns about their child's progress or development.

Parents or carers of a student on the SEND register will always be given the opportunity to provide information and express their views about the student's SEND and the support provided. They will be invited to participate in discussions and decisions about this support. They will be:

- Invited to review the provision and support that is in place for their child on an appropriately regular basis
- Asked to provide information about the impact of SEN support outside school and any changes in the student's needs
- Given the opportunity to share their concerns and, with school staff, agree their aspirations for the student
- Given an annual report on the student's progress

The school will take into account the views of the parents or carers in any decisions made about the student.

6.7 The student

Students will always be given the opportunity to provide information and express their views about their SEND and the support provided. They will be invited to participate in discussions and decisions about this support. This might involve the student:

- Explaining what their strengths and difficulties are
- Contributing to setting targets or outcomes
- Attending review meetings
- Giving feedback on the effectiveness of interventions

The student's views will be taken into account in making decisions that affect them, whenever possible.

7. SEND information report

The school publishes a SEND information report on its [website](#), which sets out how this policy is implemented in the school.

The information report will be updated annually and as soon as possible after any changes to the information it contains.

8. Our approach to SEND support

8.1 Identifying students with SEND and assessing their needs

We will assess each student's current skills and levels of attainment when they start at the school. This will utilise information from previous settings and Key Stages, where appropriate. We will also consider any evidence that the student may have a disability and if so, what reasonable adjustments the school may need to make.

Class teachers will regularly assess the progress of all students and identify any whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better their previous rate of progress
- Fails to close the attainment gap between them and their peers
- Widens the attainment gap

This may include progress in areas other than attainment, for example, wider development or social needs.

When teachers identify an area where a student is making slow progress, they will target the student's area of weakness with differentiated, high-quality teaching. If progress does not improve, the teacher will raise the issue with the SENDCO to have an initial discussion about whether this lack of progress may be due to a special educational need. Where necessary they will, in consultation with the student's parents or carers, consider consulting an external specialist.

Slow progress and low attainment will not automatically mean a student is recorded as having SEN.

Potential short-term causes of impact on behaviour or performance will be considered, such as bullying or bereavement. Staff will also take particular care in identifying and assessing SEN for students whose first language is not English.

When deciding whether the student needs special educational provision, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the student and their parents/carers. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

If a student is joining the school, and:

- Their previous setting has already identified that they have SEN
- They are known to external agencies
- They have an education, health and care plan (EHCP)

then the school will work in a multi-agency way to access relevant information before the student starts at school, so appropriate support can be put in place as early as possible.

8.2 Consulting and involving students and parents/carers

The school will put the student at the heart of all decisions made about special educational provision in consultation with parents/carers.

When we are aiming to identify whether a student needs special education provision, we will have an early discussion with the student and their parents/carers. These conversations will make sure that:

- Everyone develops a good understanding of the student's areas of strength and difficulty
- We take into account any concerns the parents/carers have
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

We will formally notify parents/carers if it is decided that a student will receive special educational provision.

8.3 The graduated approach to SEN support

Once a student has been identified as having SEN, we will take action to remove any barriers to learning and put effective special educational provision in place. This support will be delivered through successive rounds of a 4-part cycle known as the graduated approach.

1. Assess

Student Services staff/subject teachers/SENDSCO will carry out a clear analysis of the student's needs. The views of the student and their parents/carers will be taken into account. The school may also seek advice from external support services.

The assessment will be reviewed regularly to help make sure that the support in place is matched to the student's need. For many students, the most reliable way to identify needs is to observe the way they respond to an intervention.

2. Plan

In consultation with the parents/carers and the student, Inclusion staff and the SENDSCO will decide which adjustments, interventions and support will be put into place, the expected outcomes, and a clear date for review.

All staff who work with the student will be made aware of the student's needs, the outcomes sought, the support provided and any teaching strategies or approaches that are needed. This information will be recorded on our management information system, Arbor, and will be made accessible to staff in a student profile.

Parents/carers will be fully aware of the planned support and interventions and may be asked to reinforce or contribute to progress at home.

3. Do

The student's subject teachers retain overall responsibility for their progress.

Where the plan involves group or 1-to-1 teaching away from the subject teacher, they still retain responsibility for the student. Subject teachers will work closely with any learning support staff or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.

The SENDSCO will support the teachers in further assessing the student's particular strengths and weaknesses, in problem solving and advising on how to implement support effectively.

4. Review

The effectiveness of the support and interventions and their impact on the student's progress will be reviewed in line with the agreed date.

We will evaluate the impact and quality of the support and interventions. This evaluation will be based on:

- The views of the parents/carers and students
- The level of progress the student has made towards their outcomes

- The views of teaching/learning support staff who work with the student

Student Services staff / SENDCo will revise the outcomes and support in light of the student's progress and development, following feedback from teaching staff, and in consultation with the student and their parents/carers.

8.4 Levels of support

School-based SEN provision

Students receiving sustained SEN provision will be placed on the school's SEND register. Students receiving short term targeted interventions will be placed on the school's SEND Monitoring register. These students have needs that can be met by the school through the graduated approach. Where the student's needs cannot be adequately met with in-house expertise, staff will consider involving an external specialist as soon as possible.

The provision for these students is funded through the school's notional SEND budget.

On the census these students will be marked with the code K.

Education, health and care (EHC) plan

Students who need more support than is available through the school's school-based SEN provision may be entitled to an EHC plan. The plan is a legal document that describes the needs of the student, the provision that will be put in place, and the outcomes sought.

The provision for these students will be funded from the school's notional SEND budget, and potentially from the Local Authority and High Needs Funding.

On the census these students will be marked with the code E.

8.5 Evaluating the effectiveness of SEN provision

We evaluate the effectiveness of provision for students with SEN by:

- Tracking students' progress, including by using provision maps and data collection points
- Carrying out the review stage of the graduated approach in every cycle of SEN support
- Using student questionnaires
- Monitoring by the SENDCO
- Holding annual reviews for students with EHC plans
- Getting feedback from the student and their parents/carers

9. Attendance

Many students with SEND face complex barriers to attendance. Their right to an education is the same as any other student and therefore the attendance ambition for these students is the same as it is for any other student. However, they may need additional support.

Our approach to supporting students who are absent from school due to their SEND is set out in our attendance policy.

10. Safeguarding

We recognise that students with SEND can face additional safeguarding challenges. Children with disabilities are more likely to be abused than their peers, and additional barriers can exist when recognising abuse, exploitation and neglect in this group.

For more details of the pastoral support, we offer students with SEND, and the support we provide to help students overcome any communication barriers they face, see our safeguarding/child protection policy.

11. Expertise and training of staff

The SENDCo will be a qualified teacher and will hold the National Professional Qualification in Special Educational Needs Coordination (or will achieve it within three years of appointment).

Training will regularly be provided to teaching and support staff. The Headteacher and the SENDCo will continuously monitor to identify any staff who have specific training needs and will incorporate this into the school's plan for continuous professional development.

12. Links with external professional agencies

The school recognises that it won't be able to meet all the needs of every student. Whenever necessary, the school will work with external support services such as:

- Speech and language therapists
- Specialist teachers or support services
- Educational psychologists
- Occupational therapists, speech and language therapists or physiotherapists
- Educational Support for Medical Absence (ESMA)
- General practitioners or paediatricians
- School nurses
- Child and adolescent mental health services (CAMHS)
- Education welfare officers, including attendance
- Social services

13. Admission and accessibility arrangements

13.1 Admission arrangements

Townsend Church of England School is a Voluntary Aided School. The Local Authority operates an agreed co-ordinated admissions scheme to process applications on behalf of the school. The admission arrangements for SEN students without an EHCP will follow the usual school admission procedures. For students with an EHCP, the standard consultation process will be followed.

13.2 Accessibility arrangements

In accordance with the Equality Act 2010 and our whole school approach to Inclusion, the [accessibility plan](#) covers how we will:

- Increase the extent to which disabled students can participate in the curriculum
- Improve the physical environment to enable disabled students to take better advantage of the education, benefits, facilities and services we provide
- Improve the availability of accessible information to disabled students

14. Complaints about SEND provision

Where parents/carers have concerns about our school's SEND provision, they should first raise their concerns informally with the SENDCo/ Assistant SENDCo. We will try to resolve the complaint informally in the first instance. If this does not resolve their concerns, parents are welcome to submit their complaint formally.

Formal complaints about SEND provision in our school should be made to the SENDCo in the first instance. They will be handled in line with the school's complaints policy <https://townsend.herts.sch.uk/policies-statutory-information>.

If the parent or carer is not satisfied with the school's response, they can escalate the complaint in line with the Complaints Policy. In some circumstances, this right also applies to the student themselves.

To see a full explanation of suitable avenues for complaint, see pages 246 and 247 of the SEN Code of Practice.

To find out about disagreement resolution and mediation services in our local area, please see: <https://www.hertfordshire.gov.uk/microsites/local-offer/feedback/if-youre-not-happy-with-a-decision/dispute-resolution.aspx>

You can request mediation by contacting, KIDS SEND Mediation and Disagreement Resolution Service mediationlondon@kids.org.uk - 0207 359 3635

15. Monitoring and evaluation arrangements

15.1 Evaluating the effectiveness of the policy

We are constantly looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in section 1.

We will evaluate how effective our SEND provision is with regards to:

- All staff's awareness of students with SEND at the start of the autumn term
- How early students are identified as having SEND
- Students' progress and attainment once they have been identified as having SEND
- Whether students with SEND feel safe, valued and included in the school community
- Comments and feedback from students and their parents/carers

15.2 Monitoring the policy

This policy will be reviewed by the SENDCO every year. It will also be updated when any new legislation, requirements or changes in procedure occur during the year.

It will be approved by the full governing board.

16. Links with other policies and documents

This policy links to the following documents:

- SEN information report
- The local offer
- Accessibility plan
- Behaviour and Behaviour Management policy
- Equality information and objectives
- Supporting students with medical conditions policy
- Attendance policy
- Child protection policy
- Complaints policy
